ALL ABOUT TAROT READINGS

A pack of tarot cards contains 78 picture cards, symbolising universal human experiences, such as falling in love, working towards a goal or admitting defeat. Stella will ask you to shuffle the cards and lay them out on the table. She will then relate the cards you choose to events and circumstances in your life, helping shed light on difficult or puzzling situations and offering hope, choices and renewed clarity.

To get the most out of a reading, it is best to come with a few definite issues you would like to explore. You can ask questions about work, money, health and relationships or see what the future holds! Writing down your questions is a good idea.

Many people are a bit nervous or apprehensive about visiting a tarot reader. There's really nothing to worry about, but **if this is your first time**, don't be afraid to ask questions or discuss your concerns. You can even bring a friend if you like. SATISFIED CLIENTS

"I am looking forward to really investing some time and energy into looking into my fears and healing myself."

Dear Stella, Thank you very much for the inspirational reading yesterday. I just wanted to let you know three small things as a follow up. First, I have spoken to my boss and given her notice that I will be leaving. There are some things planned for October, and thereafter I'll reduce my hours in November to leave altogether by December. Next up is the voluntary work, and I'll have that sorted by the end of the week – I promise! Second, I have made an appointment to see a healer and am looking forward to really investing some time and energy into looking into my fears and healing myself. Thirdly, while I was telling my husband about the reading he pointed out something rather wondrous and significant about The Sun's position in my tarot spread. Sol is the secret name we had chosen ages ago for a baby boy when we first started trying. Our little dream child is our sun. For some reason it didn't twig with me during the reading, but in retrospect it is really amazing – there he is! Best wishes, Lisa

"Her accuracy is astounding. Her compassion is limitless. Her honesty is refreshing. Her wisdom is immense."

*I have visited Stella for a reading every year since 1997. Over this period she has provided me with no nonsense and grounded guidance around important decisions regarding my business, moving and relationships. Her accuracy is astounding. Her compassion is limitless. Her honesty is refreshing. Her wisdom is immense. The service that she provides is important, insightful and very reassuring. Knowing the bigger picture allows me to accept what is, and regain my sense of humour when what is, isn't what I think I want!

"Thanks again for your assistance in helping me to get on the right track. It has created a ripple effect allowing more honest communication with and between my kids."

Hi Stella - Just a short note to thank you for your advice. Have made many changes since I saw you. Have stopped destructive drinking and smoking. Trying acupuncture for cigarettes on Tuesday. Doing 3 NA meetings a week. Have attempted to remove destructive relationship. Have changed mobile number, locks on doors and had a different car for 2 weeks when gearbox went for 3rd time. Got angry with agent who finally agreed to install 3 window locks. Almost done the whole Lucinda Williams song "I changed the locks." Had a hair cut too.

I have been doing the visualisation/ breathing thing. Used it last night when Peter came around drunk. Also got some material to make curtains for lounge window. Plus have received confirmation of yoga in India in October 2008, which gives me time to save up and practise my yoga to a higher standard so I survive the intensive 5-week course. Have not started film script yet, but have bought a book called the Foundations of Screenwriting.

Thanks again for your assistance in helping me to get on the right track. It has created a ripple effect allowing more honest communication with and between my kids. Di

STUDENT FEEDBACK

"Stella for me will always stand out as one who lived the truth of her teachings and offered all to her students. And then some! "

*There are classes and there are classes. Stella is a unique woman – and her teaching of Tarot I found equally unique. Under her expert tuition, the class was given an in-depth understanding of every card and its history, whilst being encouraged to 'read' in a practical yet intuitive way. As the course developed, so did the students - and so did I! Grey areas of life became vibrant, problems resolvable, dreams achievable. Stella transformed the beautifully illustrated Tarot deck into an invaluable tool for personal guidance or, once skills had been practiced and refined, an opportunity to make a positive difference when guiding others. As a mature student with a history of countless classes/courses and workshops in my wake, Stella for me will always stand out as one who lived the truth of her teachings and offered all to her students. And then some!
(Suzan – Tarot Student 2005)*

"I can't recommend her classes enough!"

*Stella's Tarot classes have enabled me to make sense of the Celtic Cross! Plus she's taught me lots of other spreads that I never knew existed. I can't recommend her classes enough!
(Anna – Tarot Student 2006)*

"Stella's gentle guidance, insight and direction have made this one of the most interesting classes I have attended in years!"

*Stella's Tarot course has been fascinating! Stella shows students not only the meaning of each card, but how they apply to your (or other people's) lives in a meaningful way. Every class holds great insight into your life and how the Tarot works. I've not only enjoyed the classes, but have learned much more about myself. Stella's gentle guidance, insight and direction have made this one of the most interesting classes I have attended in years!
(Michelle – Tarot Student 2006)*

"Since finishing Stella's Tarot course I have been hired to work as a professional Tarot reader at venues such as The Champagne Lounge and Barcode."

I previously had had a couple of personal readings with Stella and had gotten a lot out of them. I love her funny, wise, and down to earth style. When I decided I wanted to study Tarot, her course was my first choice. I loved the course material and having Stella as my teacher. The course is very in-depth and thorough, and Stella presents it in a fun and easy to learn manner. I also made new friends through the course and we still enjoy meeting up regularly. She has given me the knowledge and confidence to do readings for myself and others. When I told her that I was interested in starting to do professional readings, it was Stella who passed along the first opportunities to me. Since finishing Stella's Tarot course I have been hired to work as a professional Tarot reader at venues such as The Champagne Lounge and Barcode. I also do private readings for individual clients and have been hired to work at a few private functions. My business is still in its early stages, and I have other things on the go at the moment, but the success I have had so far is more than I was expecting. I have Stella to thank for helping me build on my Tarot skills and for instilling confidence in myself and my reading abilities. She is a great teacher and mentor, motivator, and an example of someone who is very successful at her craft. I highly recommend her course! (Shahera – Tarot Student 2005)

"I will be a student of Stella's for as long as I can."

*Stella is a wondrous and wonderful woman. Her classes, and total way of being, perfectly combine the head and heart, the intellectual, spiritual and historical as well as good sense of spirited humour! I will be a student of Stella's for as long as I can. She shares much sacred information in the classes that support a great way to live and learn about LIFE!
(Brooke – Tarot Student 2006)*

"It wouldn't have happened Stella without you passing on the opportunity... I can now say that I am a Tarot reader."

I have been meaning to pass on my thank yous all week. It wouldn't have happened Stella without you passing on the opportunity. It was absolutely what we needed to do. I can now say that I am a Tarot reader. It was an awesome day. And you could really feel the different energies with people. Those who wanted to 'test it out' and didn't trust you and those who were completely open to give & receive whatever came up. Everything happened just at the right time...Tarot is about connecting with people. And with that in mind...we connected with a lot of people!! In the meantime, take care and thanks again Stella (Juanita – Tarot Student 2005).

"I just wanted to say thank you for a wonderful year of Tarot! I really enjoyed it and got a lot out of it."

*Hi Stella, I just wanted to say thank you for a wonderful year of Tarot! I really enjoyed it and got a lot out of it. I'm just sorry the year had to come to an end, but I want to keep learning more about it. I've even had a few people at work ask for a reading - good practice!
I'm still planning on coming to your Astrology course next year. I'll get organised and get my form to you soon. Anyway, take care and have a wonderful Christmas and New Year!
Best wishes, Kim (Tarot Student 2006)*

"I am glad I was able to leave the class yesterday feeling that I have definitely made the right decision by joining your course."

Good Morning Stella,

Thank you very much for letting me join the course. I really enjoyed the class last night & I left inspired & happy. I giggled while I was cycling home, so I guess that was a Sun moment. Also, I am very happy because I feel comfortable with you being the teacher. I have done different "spiritual" courses, including a Reiki course & sometimes find it hard to find the real trust in the teacher. And especially with these spiritual courses trust is very important. I am glad I was able to leave the class yesterday feeling that I have definitely made the right decision by joining your course.

*I'm very much looking forward to the next class!
Love & Light, Nadine (Tarot Student 2007)*
