# ALL ABOUT ASTROLOGY READINGS

Astrology or 'Star Logic' is an ancient, complex and valuable tool that can help you understand your life journey and make the most of your gifts and talents. If you've never visited an astrologer before, a Personal Birth Chart reading is the best place to start.

**A Personal Birth Chart** (sometimes referred to as a chart, natal chart or horoscope) is a snapshot of the heavens at the time and place you were born. This unique map represents your personal blueprint for life, unfolding and developing as the years go by. Stella will offer a symbolic interpretation of your birth chart focussing on areas such as money, work, relationships, family, spiritual path and health. The session is tailored to your specific requirements and you can ask as many questions as you like.

When you book your appointment, you will need to provide your birth details (time, date, town and country) so that Stella can calculate your chart and prepare your special illustrated report in advance. If you don't know what time you were born, just let Stella know.

Stella also offers a **Twelve Month Forecast** for those with a good understanding of their birth chart or who have already had a Personal Birth Chart reading. You may be tempted to skip the Personal Birth Chart stage and go straight for the Twelve Month Forecast, but remember that future events are always based on your character and past actions. It is impossible to use astrology for future predictions, without knowledge of your basic make up, as revealed by your Personal Birth Chart.

Another popular option for couples and business partners is a **Compatibility Reading**. Are you right for each other? What are the strengths and weaknesses of your relationship? How can you maximise your strong points or deal with difficult issues?

**Parents** can give themselves a head start by booking a **Zodiac Child** astrology reading for their **new baby or child**. Will he like sport? Is she creative? Will he take after his father? What sort of education is best? What about health? How will she get on with the rest of the family?

**Gift vouchers** for new babies have proved to be very popular presents from close friends, godparents and relatives looking for something a bit different.

There's also a special **Astrology/Tarot Combo Deluxe** reading for those wanting to splash out or have the best of both worlds, while those on a budget can order their own personalised **Illustrated Astrology Report** by email or mail order or book a **Half-Hour Phone Reading**.

Many people are a bit apprehensive about visiting an astrologer. There is really nothing to worry about, but don't be afraid to ask questions or discuss your concerns. You can even bring a friend along to your reading, if you like. Stella has years of experience dealing with all sorts of people and will do her best to make you feel comfortable.

Booking an astrology reading is simple Choose your selection from the list below, then pick up the phone and dial (03) 9534 5021. If you're still unsure, visit [www.stellastarwoman.com](http://www.stellastarwoman.com) or contact Stella for further details.

*Hi Stella, My name's Lisa, I had an appointment with you on Tuesday this week and you explained my natal chart to me in detail. I just thought you might like to know what an impact that reading has had on my life. You talked about me denying my Cancerian Moon (the emotional, nurturing, homely, maternal side) in favour of my rising sign Capricorn (the logical, hardworking executive) and we further talked about how this was playing out in my life. I have taken this on board and it explains so much of why I have been feeling anxious and troubled for a long time.*

Stella will discuss major trends over the coming year, offering advice and guidance. If you plan to travel, move house, change career or start a business, astrology can pinpoint the best time to act or advise you to wait patiently. Best wishes, Hailey*

# PRACTICAL NATAL CHART READING

## 16 WEEK COURSE - STARTS MARCH 2010

*Stella's class in Practical Chart Reading provided a safe and fun environment in which to advance my astrological knowledge. Though I had a basic grasp of astrological concepts with their origins spanning back to my early teen years, I had never before been shown how to systematically put these ideas together enough to actually read a birth chart properly. (Z. Woods - Astrology Student 2007)*

### IS THIS THE RIGHT COURSE FOR ME?

- You've done a basic astrology course and want to further your knowledge.
- You've read the books, bought the software, even printed the business cards, **but deep down, still wonder if you know enough.**
- You're tired of studying astrology on your own and are looking for a group of like-minded people.
- You know all about astrology, but can't communicate your knowledge in simple, straightforward language.
- **You'd love to be a professional astrologer,** but have no idea where or how to start.

We uncover the power of retrograde planets and lunar cycles and learn how to make the most of free and user-pays astrology software.

With **20 years of experience and hundreds of satisfied clients** on her books, Stella is keen to pass on her expert knowledge to budding astrologers!

## WHAT DO I NEED TO JOIN?

You will need a thorough grounding in astrological symbolism including knowledge of the elements, signs, houses, planets and aspects (square, trine etc). ## *Astrology for Beginners*

*'What joy and delight to come across a teacher like Stella. If only academia and the business world applied her style and format of training the world would be a better place. With her wealth of knowledge and insights Astrology has now become a valuable part of my everyday life. Thank you Stella' (Monica Auldrige – Astrology Student 2007)*

*"Whether Stella's class is big or small, nobody gets left behind."*

*Stella has a way of teaching Astrology that really sinks in. If anyone in the class does not understand a concept, she takes time to explain it in a different way and makes sure it's understood by all. Whether Stella's class is big or small, nobody gets left behind. As budding astrologers, we can then communicate the complexities of this ancient art to others. Stella is a fantastic teacher and I recommend her classes to any serious student of Astrology. (Jane – Astrology Student 2006-2007)*

*"Classes are always fun and entertaining.."*

*The thing I have loved most about Astrology classes with Stella is that as well as gaining a thorough grounding in the 'language' and 'vocabulary' of Astrology, all kinds of interesting tangents are explored that make the theory come alive. Classes are always fun and entertaining – when I told my friend I wanted to study Astrology, she said, "You should see Stella, she's not f\*\*\*ed up!" (Kylie – Astrology Student 2006)*

*"You're not only a wonderful teacher, but also an amazing lady..."*

*We have all thoroughly enjoyed your class. Thanks again for a great year - you're not only a wonderful teacher, but also an amazing lady whom I'm really glad I've met. (Susanne – Astrology Student 2006)*

*"She is a very experienced and empathetic teacher."*

*I have studied Tarot and Astrology with Stella and enjoyed both very much. She is a very experienced and empathetic teacher. I highly recommend her classes. (Sue – Astrology & Tarot Student 2004-2007)*

*"Stella's course helped me understand more about myself"*

*Stella's course helped me understand more about myself and the direction I wanted my life to go. It's been a fun and informative course. (Maria – Astrology Student 2006-2007)*

*"A teacher who is patient, knowledgeable and caring, in a casual, relaxed atmosphere"*

*If you want better understanding and acceptance of yourself and others with a teacher who is patient, knowledgeable and caring, in a casual, relaxed atmosphere, then I highly recommend Stella's Astrology course. Thank you Stella. (Lisetta – Astrology Student 2006)*

*"I am able to relate to a wider range of people in business and socially"*

*Doing this astrology course has enlightened me and helped my relationships in many ways. By knowing the astrological signs and their meanings, I am able to use this knowledge when dealing with clients and family. I am able to relate to a wider range of people in business and socially due to the better understanding of all the signs. (Sylvia – Astrology Student 2006-07)*

*"Stella's course has helped me understand and deal with clients, family and relationships, both personally and professionally."*

*I had prior knowledge of the astrological sun signs before doing the course, but I knew there was much more to learn. Stella's course has helped me understand and deal with clients, family and relationships, both personally and professionally, and I find it fascinating how uncanny it is that profiles fit each and everyone I come across whose birthday I know. It has helped me not to judge them, to understand them and be more accepting. Stella is a great sharer of information with examples and who has brilliant insights into why people behave the way they do. A very fascinating and helpful tool. Highly recommended. ## *Practical Chart Reading & Predictive Techniques*

*"I had never before been shown how to systematically put these ideas together enough to actually read a birth chart properly."*

*Stella's class in Practical Chart Reading and Predictive Techniques provided a safe and fun environment in which to advance my astrological knowledge. Though I had a basic grasp of astrological concepts with their origins spanning back to my early teen years, I had never before been shown how to systematically put these ideas together enough to actually read a birth chart properly. Stella provided a solid practical approach to putting the concepts together, and in doing so breathed life for me into a previously stagnant interest. Stella shares the teachings of astrology with generosity of spirit, good humour and patience. She is a great teacher. I'm really sad that the class is over and I look forward to future opportunities to learn more with her.*  
*Z. Woods (no relation!) Astrology Student 2007*

*"Thanks also for preparing me for the calculation exam, where you presented me with everything I needed to know in a logical and thorough way. You almost made maths fun!"*

*Dear Stella,*

*Thanks so much for preparing me so thoroughly for the natal interpretation exam with the Federation of Australian Astrologers (FAA). The lessons I had with you enabled me to arrange my thoughts coherently and logically, and present them in an essay form that was acceptable for exam purposes.*

*Thanks also for preparing me for the calculation exam, where you presented me with everything I needed to know in a logical and thorough way. You almost made maths fun! I found my lessons with you to be stimulating, rewarding and entertaining.*

*Warmest regards, Alison Feiner*

*"I consider it a great blessing to have been her student and to have realised the potential she so brilliantly pointed out to me. I have gone on to pioneer an Astrohealth training course for health professionals.."*

*I am deeply grateful to Stella Woods for the knowledge she has passed on to me. My name is Swarupa Sridharan, and I have had an interest in astrology since I was 12 years of age. I began studying astrology formally with Stella in 2004 and have been practising it in my daily life successfully and as a professional astrologer since 2007.*

*Stella is a very patient, understanding and wise woman whose words integrate common sense and the deeply philosophical science that is Astrology. As the teacher, she would always leave us feeling an increase in interest on the subjects we had discussed and encourage us to apply what we learned in our lives, so as to give us an experiential understanding of what is considered even today by many, to be an occult science. She loved using celebrity examples in class and always used her generous sense of humour to uplift us all when we were too deep in the analysis of our learning material.*

*I can unconditionally attest to her winning attributes as a great teacher and astrologer from my life now. I have gone on to pioneer an Astrohealth training course for health professionals, drawing from my background as a registered nurse and my study of astrology. It gives me great pleasure to recall that it was Stella who recognised the potential of my own birth chart. I consider it a great blessing to have been her student and to have realised the potential she so brilliantly pointed out to me.*

*I am most happy to recommend Stella Woods to anyone who is in anyway interested in Astrology. Her gifts are absolutely marvellous and in sharing them, she does a great service to humanity. I am most happy to discuss this or any other questions you may have.*  
*Swarupa Sridharan, CEO Om Consulting.*

*“What I got from learning astrology with Stella was a simple, clear framework about what the various planetary symbols mean as well as a sense of confidence about doing readings.”*

*What I got from learning astrology with Stella was a simple, clear framework about what the various planetary symbols mean as well as a sense of confidence about doing readings. I can look at a chart and know what to look for with a sense of confidence.*

*I like to go to Stella for readings as she doesn't futz about with flowery astro description about what is aligned conjunct square etc which is mesmerisingly complex but meaningless. She speaks plainly, explaining what she sees going on in the chart in simple practical English. Its also good being able to know how to read a chart because she and I can converse about what the various transits etc mean in a more meaningful way.*

*Getting a reading from Stella is reassuring for me, and reinforcing that what I am seeing is also affirmed and explored in more depth.*

*Caroline Shahbaz, Management Consultant (Astrology Student 2000-01)*

*“Stella is a teacher, a healer and a woman of great wisdom. Her teaching style was targeted to every person's individual learning needs.”*

*Throughout 2001-02 I studied Tarot and Astrology with Stella Woods. What a great decision I made. I began to think about people and my life very differently. Stella taught me that our own lives mirrored the journey of the people represented in the tarot and that the symbols contained in the cards are a representation our own inner and outer life experiences. Stella is a teacher, a healer and a woman of great wisdom. Her teaching style was targeted to every person's individual learning needs. Studying tarot and astrology awakened an interest in my own spiritual health, the spiritual health and well being of others and now I am studying a Diploma of Holistic Counselling. I credit Stella as being a knowledgeable and influential teacher and studying with her has given me the courage and insight to follow my intuition and dreams.*
